# Sprint 4 Plan - Social Distance Detector

Team Name: Team Laser Sharks
Sprint Completion Date:
Revision: 1.0
Revision Date: 2/24
**Goal**: Fit and finish

**Task Listing:**
**User Story 1:** As a customer, I want a codebase that is clean so I can cost-effectively hire developers to extend the functionality.
- Implement clean code practices for future developers

**User Story 2:** As a user, I want a refined user experience.
- Make sure program workflow is intuitive
- Make sure design is self-explanatory

**User Story 3:** As a user, I want to be able to access files.
- Make a side window open to choose a directory path and video file
- Link the file to rest of the program

**User Story 4:** As a user, I want to be able run a video file just like a webcam

**Team Roles:**
Tim: Developer
Rory: Developer
Seth: Scrum Master
Benson: Developer
Noah: Product Owner

**Initial Task Assignment:**
Tim and noah: User Story 1
Seth and Rory: User Story 2 and User Story 3
Benson User Story 4
